

Connecting through creativity

icare[™]
Insurance and Care NSW

Dear viewers,

Welcome to the Shine Arts Prize 2022 catalogue of artworks! This Prize was established in 2020 to showcase the artistic talent of Lifetime Care participants and workers in the Workers Care Program. It also recognises and encourages artistic practice in people of any age and ability and highlights the role of art in maintaining wellbeing and engaging with community.

The theme for 2022 was “Where I find hope”. This theme refers to having a sense of optimism-it might be having something that inspires us to keep going during difficult times, encourages us to work toward goals of overcoming, or promotes healing and recovery.

The categories for the 2022 competition included: Visual Arts, Music and Children under 15 years. You will find in the following pages the artists and artworks entered in the 2022 Prize – for a full description of the artworks, please visit the online exhibition on our icare website.
