

Lifetime Care Payment Codes

The following table lists general payment codes for treatment, rehabilitation and care services provided in the Lifetime Care and Support Scheme. A payment code is represented by LTCS followed by a numerical code (eg LTCS999) for a corresponding treatment, rehabilitation or care service description in the following categories:

Category	Page	Category	Page
Summary list of all codes and titles	2-3	Accommodation Support Services	12
Assessment and Review	4-5	Vocational Support Services	13
Treatment and Rehabilitation Services	6-7	Education Support Services	13
Attendant Care and Support Services	8-9	Building and Vehicle Modifications	14
Participant Support Services	10-11	Medical Services	15-16
Equipment	11	Hospital Services	17

Requesting treatment, rehabilitation and care services

Payment codes must be used on all requests for treatment, rehabilitation or care services submitted to icare. All request forms have a space for including payment codes. When completing requests, indicate the specific service that is to be provided and select the numerical payment code that most closely matches the service. Refer to the descriptions in this document for clarification. If you're unsure which code to use, contact the participant's icare contact.

Please note: Most request forms are combined for Lifetime Care and Workers Care. If you're requesting services for workers in the Workers Care program, the payment codes are different. The payment codes for Workers Care are workers compensation payment codes. Refer to the [How to invoice Lifetime Care and Workers Care](#) page on our website.

Invoices

Payment codes must be used on all invoices submitted to icare. Payment codes will be listed on the Certificate or Service Approval/Purchase Order issued when the service was approved. The payment codes included on invoices must match the approved services listed on the Certificate or Service Approval/Purchase Order. If they don't match those on the Certificate or Service Approval/Purchase Order, the invoice will be returned to the service provider or supplier.

For more information on invoicing, see our information sheets: Invoicing requirements – Lifetime Care and Invoicing Requirements – Workers Care. These are available on the [How to invoice Lifetime Care and Workers Care](#) page on our website.
